2026–27 Topps Flagship Basketball

SSP & Rare Insert Research Guide

4 rare-insert families | 325 subject spots | 30 NBA teams represented

Rare-insert groups follow product-specific Topps references: Golden Mirror variations in Flagship; Hypernova, Cosmic Dust and Planetary Pursuit in Cosmic Chrome; Beam Team and Pure Focus in Stadium Club. These labels are not a guarantee of a case hit or a financial return.

Ranked by unique subject count, then name. A smaller subject pool is not a statement of better pack odds. Each athlete is counted once per family and team; parallels collapse. Rookie flags follow normalized player identity. Printed historical teams remain listed where they differ from the browse franchise.

Sources: supplied product-specific Topps checklist and odds PDFs. Source details and methodology.
